- Production time 3 weeks

These belts are built for heavy duty work, the wear and tear of a being on a job site. Be it construction or warehouse duties, they are stiff enough to carry the extra weight of tools, phones and other items for the trade. They are stiffer than our normal leather belts but not as stiff as our EDC gun belts.

WORKMAN SERIES

VEGAN SERIES

• Most buckles have 3 shade options for etching as seen below.

LIGHT ETCH
